I give consent for my child to participate in the preventive and restorative dentistry program conducted by the Committee for Community Outreach and Access program, known as Give Kids A Smile. To the best of my knowledge, the medical history questions on page 2 have been answered correctly and accurately. I allow my child to receive local anesthetic (numbing of the teeth), dental treatment, antibiotics and analgesics (Tylenol, Ibuprofen) with appropriate instructions if deemed necessary by the treating dentist, and to be photographed while at the clinic, understanding that the photos may be used in future educational material. Our dental clinic will honor the rights of patients regarding their protected health information with rare exceptions that must use and disclose only as much information needed to accomplish the intended dental treatment.
